

Sport Management Exchange Program with the University of New Brunswick
FHAM Students go to Eastern Canada for a semester abroad

(Winter Semester 2009) Tobias Mittermaier and Nicolas Menke will be the first FHAM students to participate in the new student exchange program with the University of New Brunswick (UNB). From September to December 2009, Tobias and Nicolas will be studying in Fredericton, New Brunswick in Eastern Canada taking selected courses from Sport programs in the Faculty of Kinesiology.

This is a special bi-lateral exchange program between the FHAM Bachelor degree program Sport Management and the UNB Bachelor degree programs in Kinesiology Science and Recreation & Sport Studies. The agreement was signed by the Presidents of both institutions in November 2008 during a special visit to UNB made by FHAM President, Prof. Dr. Dr. Christian Werner. FHAM will host the first group of Canadian students from UNB in the summer semester 2010.

UNB is Canada's oldest university, and has a long tradition of excellence. It is a leader in higher education in Canada with innovative and modern programs, and is well-known for its excellent programs in Sports Sciences (see <http://www.unb.ca/> for more information).
